

HC-341ES Hedge Cutter

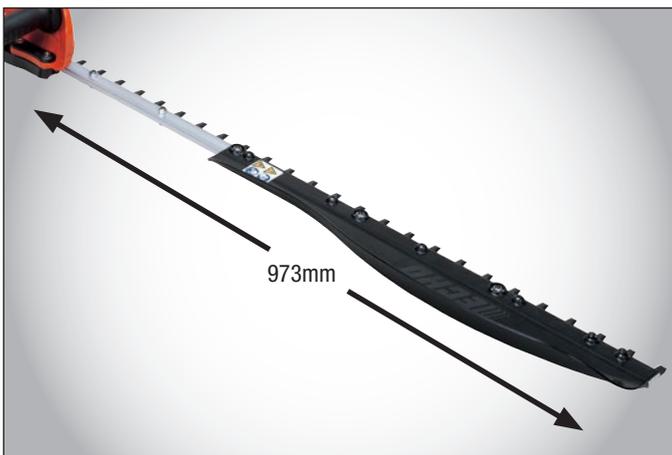

The HC-341ES features a 'catcher' for catching and sweeping cuttings from the hedge (photo shows HC-331ES)

The HC-341ES is a 23.6cc single blade hedge cutter. With an effective cutting length of 973mm, it has ECHO's longest cutting blade. This not only speeds up the cutting process but also reduces over-reaching. The precision ground blade is laser cut for long lasting sharpness.

Both lightweight and well balanced, the HC-341ES is extremely comfortable to use. Vibration-isolating technology also helps reduce operator fatigue so it can be used for extended periods of time.

It features a superior exhaust system that protects both the user and the hedge from hot exhaust gases, preventing scorching and discolouration of the foliage. A vertical fuel filler neck makes refuelling quick and easy.

ECHO Innovation: Easy Start

Denoted by the ES symbol on the chainsaw, Easy Start minimises the effort required to start the engine. With Easy Start the pulling power needed on the starter rope is greatly reduced compared to other makes, with reduced kick-back effect in cranking.

SPECIFICATIONS

Displacement	23.6cc
Dry weight	6.1kg
Output	0.66kW
Effective cutter length	973mm
Pitch	35mm
Blade layout	Single
Cutter clearance	Adjustable
Fuel tank capacity	0.50 litres
Start assist system	Easy Start

Local authority

FEATURES

BENEFITS

Laser cut and precision ground blades

✓ Long lasting sharpness

✓ 35mm blade pitch for tackling a variety of different hedges

Single blade

✓ Cutting in one direction gives a superior long-term finish

973mm effective cutting length

✓ Reduces over-reaching

Superior exhaust system

✓ Exhaust emissions are directed away from user. This also prevents scorching and discolouration of the hedge

✓ Fully enclosed cover prevents the user from touching hot exhaust

ES Easy Start system

✓ Spring-assisted starting requires minimum effort

✓ Warm engine starting only requires a short pull on the recoil rope

Air filter system

✓ Easy, tool-free access to air filter, even when wearing gloves

Vertical fuel filler neck

✓ Enables easier re-fuelling

Stage 2 low emission compliant

✓ Reduced exhaust emissions

Use ECHO products with ECHO's own high quality blend oils, for maximum performance

Extensive warranty

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind (registration of ECHO products and servicing are necessary to validate the warranty).
