SRM-236TES
PROFILE

FEATURES

High torque gearbox

Premium grade ECHO engine

Anti-vibration system

ES Easy Start system

'Tap and Go' system

Commercial-grade felt air filter

Stage 2 low emissions compliant

Tool-less air filter cover

BENEFITS

Greater cutting performance from a smaller engine

Lower overall weight enhances user comfort without compromising performance

Increased performance / extended product life / less downtime

Comfortable to operate for extended periods

An attractive product for local authorities and large contractors

Minimum effort required to start the machine

Faster starting

Releases more line for the operator with a single tap

More durable and improved filtration over standard air filter

Reduced exhaust emissions

For easy air filter access, even when wearing gloves

Displacement	Dry weight*	Output	Fuel Tank Capacity	Drive Shaft Type	Drive Shaft Diameter	Main Shaft Diameter
21.2cc	5.1kg (Loop) 5.6kg (U)	0.71kW	0.44 litres	Solid	6.0mm	25.0mm

* Unit without cutting attachment and shield

Use ECHO products with ECHO's own high quality blend oils, for maximum performance

EXTENSIVE WARRANTY

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind
(Registration of ECHO products and servicing are necessary to validate the warranty)
