

NEW X-SERIES BACKPACK POWER BLOWER LAUNCH IN SUMMER 2025

**TOP POWER
FULL FEATURES
HIGHEST PRODUCTIVITY**

PB-9010T

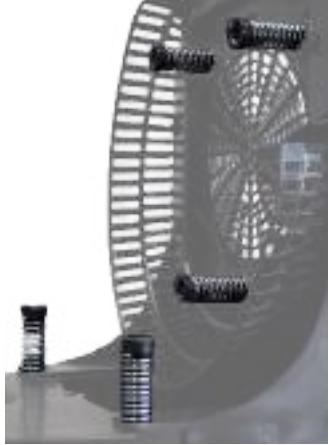

48.9N POWER BLOWER

FEATURES

Product code: PB-9010TEUS5
Product name: PB-9010T
EAN code: 4934110716772

BLOWER PIPE STORAGE HOOK
Allows convenient storage and transportation

UNIQUE OPERATOR BACK VENTILATION SYSTEM
Cools operator's back in hot weather
Can be disabled in cold weather

HYGIENIC STRAPS AND PADDING
With advanced odor control

THROTTLE WITH CRUISE CONTROL
Stepless adjustment of any blowing force

METAL WEAR RING
For increased durability

THROTTLE CABLE EASY ADJUSTMENT
Quick in-field adjustment

HIP BELT
Provided as standard equipment

LEADING PERFORMANCE
Air speed 97.8 m/s
Air volume 1907 m³/h
Total force 48.9 N

5 POINT ANTI-VIBRATION SYSTEM
Significantly reduces vibration to operator's back and hand

TOP-MOUNTED AIR FILTER
Quick and tool-less access

LARGE FUEL TANK
2560mL capacity for longer runtime

SPECS & BENEFITS

Engine displacement (cm ³)	Dry weight* ¹ (kg)	Engine output (kW/PS)	Nozzle type	Fuel tank capacity (mL)	Vibration* ² (m/s ²)	Blowing air force* ³ (N)	Air volume* ³ (m ³ /h)	Max. air speed* ³ (m/sec)
79.9	12.4	4.2/5.7	Round Straight	2560	2.4	48.9	1907	97.8

*¹ Unit with blower pipes, empty tank.

*² Measured in accordance with EN15503. Uncertainty(K)=1.7m/s².

*³ Measured in accordance with ANSI/OPEI B175.2.

X-SERIES BACKPACK POWER BLOWER

The **PB-9010T** is the most powerful addition to the ECHO X-Series backpack blower lineup, engineered specifically for professionals. With industry-leading blowing force, it delivers exceptional productivity, allowing operators to complete tasks faster and more efficiently. Designed with a full suite of comfort and usability features, it ensures maximum operator efficiency and ease of use throughout the workday.

USER CONVENIENCE

- Top-mounted tool-less filter access for easy in-field cleaning or maintenance
- Throttle with cruise control allows the operator to lock the setting for consistent performance
- Heavy-duty, odor-resistant backpack straps deliver all-day comfort
- 5-point anti-vibration system ensures maximum protection for the operator's back and hand, minimizing fatigue during extended use
- Back cooling system enhances operator comfort with improved ventilation, featuring an optional intake cover for colder weather conditions
- Included hip belt reduces operator fatigue by evenly distributing the weight for improved balance and ease of operation
- Blower pipe storage hook enables compact storage and convenient transportation, keeping the unit organized and portable

TECHNICAL FEATURES

- 79.9cm³ 2-Stroke engine delivers unmatched blowing performance for demanding tasks
- Industry-leading 48.9N blowing force ensures maximum productivity and efficiency
- High air volume and increased airspeed easily dislodge stubborn debris like sticks and wood chips buried in grass, moving it with ease
- Metal wear ring protects the blower tube from wear, enhancing durability and extending its lifespan
- Heavy-duty air filtration system features a pleated paper main filter and foam prefilter, ensuring reliable performance in dusty environments
